

Please act to prevent the Sinclair Broadcast Group from using our public airwaves for propaganda favoring one of the two Presidential candidates in this hotly contested, vitally important election. Whatever modified version of the attack on Kerry is now being put forward, if it contains excerpts of "Stolen Honor" it is suspect, given the company's prior plans to air "Stolen Honor." If it runs, it should be clearly identified pro-Bush ad instead of a "documentary." Or, it should be identified as pro-Bush and balanced with an equal-time pro-Kerry program, which I'm sure that campaign could provide. It is also completely unacceptable to permit Sinclair to order local stations to show this program. Where's the local responsibility? Thank you.
